REPORT OF SUPERINTENDENT OF SCHOOLS

School Board and Citizens of the School District of
Campton:

Ladies and Gentlemen:

I hereby submit my third annual report as Superintendent of Schools.

The statistical tables for the year 1935-1936 follow this report.

Mrs. Maude A. Gray is teaching at the Livermore Falls school this year. Otherwise, the teachers are the same as last year. The rooms at Campton Village with enrollments of approximately 40 each are now at their capacity. The teachers are handling the situation well, in my opinion, and although the teaching loads are heavy, I believe that in general a child that does not progress well here would not do much better in any school. If the enrollment increases very much in the fall, some combination may have to be made with Beebe River where there are at present only 14 in the grammar room and 22 in the primary room. This would give the district a year to see how permanent the increase becomes and consider the advisability of enlarging the school at Campton Village.

During the summer, the Village, Beebe River, Livermore Falls, Center, Blair and West Campton Schools have been painted. A new stove has been installed in the latter school.

The policy of the Board in keeping up the school properties is commendable. With rising prices the same repairs would in all probability cost considerable more in a few years. The thousands of people in the district during the summer invariably form a most favorable impression of a community which keeps its school buildings in good repair and appearance.

The Board had sufficient funds before closing the books in June to take up the last note of \$ 1,000.00

on the Beebe River project although it did not become due until December. The debt on the Village School is now \$ 3,500.00. The finances of the District are prudently handled. The per pupil cost of elementary schools exclusive of debt and new equipment was \$64.85 which compares favorably with the State medium of \$77.93. The tuition of pupils in high schools is beyond the control of the Board and probably will not decrease in the near future.

Respectfully submitted,

ALLAN M. McCURDY,

Superintendent of Schools.

Campton, N. H., February 12, 1937.
